***Response to Amendment***

This action is in response to the request for reconsideration filed on 7/8/05.

As per applicant's request claims 1, 11, 21, 27, 30 and 31 have been amended.

As per applicant's request claims 1-31 have been considered but they are not persuasive.

Claims 1-31 stand rejected under 35 U.S.C. 102(b) as being unpatentable over *Namikawa* USPN 6,094,698.

In remarks applicants argues,

I) "First storage means and the write control feature".

II) "Write controlling where the write control program is transferred to second CPU causing the second CPU to write the second control program stored in the first storage".

In response to applicant's arguments,

I) It was noted that cited reference suggests first storage means and write control in writing to storage from first storage as depicted in figure 1 and also suggested that means for connecting an external device having rewritable first memory unit, an installation part for installing a second memory unit that has stored a new control program data. Therefore, examiner interprets that reference fairly suggest first storage means and provide write control features for writing and rewriting to memory. Thus, limitations are met by the reference.

II) It was also noted by the applicant that cited reference discloses write control program is transferred to CPU that causes CPU to write the second control program in the first storage as

Art Unit: 2193

figures 1, 3 and 4 depicts that. Further, (column 11, lines 44-49) suggest that memory that transfers the data from the first CPU to second CPU. Therefore, limitations are met by the reference.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
